Aloha Keith

*"All this will not be finished in the first 100 days.
Nor will it be finished in the first 1,000
days.....But let us begin."*

*Excerpts from Inaugural Address--President
John Fitzgerald Kennedy*

Funny how things fly by so fast.....just when
you think you get started it ends.

While we have provided many great programs,
activities, events, and seminars in the past few
years, there is much more that CSI Honolulu
can do better and improve in the future. As
President Kennedy gave his clarion call nearly
50 years ago, it takes time to improve and ac-
complish programs. It is the same even in a
volunteer organization.

Things get hectic, especially when you start a
new job. You get overwhelmed, but realize that
is what makes CSI Honolulu so great- this or-
ganization has so many dedicated, giving, and

Aloha Keith continued on page 2

Aloha Rodney!

I can't believe it's summer already! Yes, last year
went by too fast – just like every year seems to
these days! It's also that time of year again when
we have our annual installation and awards dinner.
I'm looking forward to seeing you there on Tues-
day, June 9.

It was just over a year ago that Keith encouraged
me to step up and help him out this year by run-
ning for the position of president-elect. In return,
he promised to help me learn the ropes during his
term as president. Well, in the process I've gotten
a better sense of how our chapter works. I've also
gained a greater appreciation for those who help
make it work and who've come before.

Thanks Keith, for showing the way and for all
you've done. I look forward to following your ex-
ample in the coming year and for your continued
support and service to CSI.

Entertainment by Jazzy Jay

Aloha Keith (continued)

hardworking individuals that put in their free time to make CSI Honolulu and our State's construction industry even better. CSI Honolulu is indeed fortunate to have many great individuals, but we also need more people to get involve to make our organization better.

While times are hard, it was my goal to increase membership. But as many new members we gained we also lost to the economy. This organization has so much to offer individuals in our construction industry, that despite our economic downturn, I believe we can retain and add members and make this organization even more robust and active. We give a lot of value, fun and camaraderie to our membership and I believe we can continue to do so.

I enjoyed working with previous President Andy Boyd and will continue to help incoming President Rodney Lee. Unlike General Douglas McArthur, I will not be an "old soldier and fade away", and like the Beatles "I say Hello". Don't worry I am not in caught in the '60 in some psychedelic "quote" trip, but living in the 21st century and not the past. We only look forward!

In a sense "let us begin....."

"I don't know why you say goodbye I say hello."

Hello, Goodbye"--the Beatles

The June 9, 2009 CSI dinner meeting will be a celebration of new leadership and installation of new and returning Board members and officers. CSI Honolulu will start the summer off with a good old-fashioned party with great food, beverages and fellowship. Our leader, Keith Tanaka, will give us a state of Honolulu CSI overview and introduce the new leadership of the organization. The Installation and Awards dinner has always been a reunion of sorts of past leaders and current members and a chance to reflect on where CSI is headed in the future and recognize those CSI members that have so unselfishly gave of their valuable time for the organization.

Join us in celebrating the installation of the 2009-2010 CSI Honolulu Chapter Officers and Board of Directors.

*Farewell remarks by outgoing
CSI Honolulu President, Keith Tanaka
Welcoming remarks by incoming
CSI Honolulu President, Rodney Lee
Installation of 2009-2010 Officers
Exam Certification Recognition
Awards Presentation*
